

TRANSFORMING THE BOARDS OF TOMORROW. TODAY.

NXTBoard has a singular mission: to support boards in transforming the way they work. To go beyond board management and shift the focus from administering meetings to driving action, from frustrating to frictionless, from simply overseeing to driving positive change. By choosing to work with NXTBoard, boards can operate at the highest level of governance today and maintain accountability as governance evolves.

NOW YOU CAN...

- Remove the silos of multiple systems for monitoring goals, board reporting and executive evaluation.
- Encourage better adoption of goals by providing visibility into ownership and status of activity against the goals.
- Give board members access to all the information they need in one place including agendas, evidence, policies, minutes, videos and more.

NXTBOARD SUPPORTS:

- Enterprise
- VC
- Education
- Grants and Giving
- Family Offices
- Local and State Government
