

Wheels Up is a revolutionary membership-based private aviation company that significantly reduces the upfront cost to fly privately, while providing unparalleled flexibility, service and safety. With Wheels Up you are joining a club that comprises an impressive network of fellow members and the experiences that bring you together, providing value from the minute you activate your membership.

## MEMBERSHIP MEANS

- / A commitment to each Wheels Up Member that begins with safety—the foundation of our business
- / Exclusive access to a private fleet of King Air 350i and Citation Excel/XLS aircraft
- / Guaranteed occupied hourly pricing, paying only for hours flown
- / No hidden charges or unnecessary management or service fees
- / A Flight Desk to assist in planning and booking all charter aircraft needs
- / Use of the Wheels Up App, a proprietary, cutting-edge mobile app that allows members to manage every facet of their membership
- / Opportunistic and cost effective private aviation offerings with Shared Flights, Hot Flights and Shuttle Flights
- / Entrée into the renowned Wheels Down lifestyle of events, 8760 experiences, concierge and member benefits program

## HOW IT WORKS

### Pay-As-You-Fly

A Wheels Up membership automatically gives you the ability to “pay-as-you-fly.” With no pre-purchase required, you have access to the Wheels Up private fleet of King Air 350i and Citation Excel/XLS aircraft 365 days a year, with 300 days of guaranteed availability. Pay fixed hourly rates for occupied hours only, with just 24 hours advance notice required for booking.

### Pre-Purchase Programs

If you purchase hours or credit in advance, you gain access to additional guarantees on availability, especially during Peak Travel Days. Hour programs can be purchased for the King Air 350i or the Citation Excel/XLS with flexible interchangeability between the two. Alternatively, you can purchase a dollar denominated account credit that can be used for flight services on any product available through our program. Both plans afford greater access, and other benefits that increase with the size of your upfront purchase.

## OUR FLEET

Wheels Up offers its members exclusive access to a private fleet of King Air 350i and Citation Excel/XLS.

### The Wheels Up King Air 350i

The luxurious Beechcraft King Air 350i is the most comfortable solution for short-haul flights, with a carrying capacity and range capability unmatched in its class. Our brand new King Air 350i aircraft are significantly more economical than comparable jets while offering virtually the same flight time for short to medium distances. Excellent short-field performance increases airport options, bringing you closer to your final destination.

### The Wheels Up Citation Excel/XLS

With its luxurious stand-up cabin and flight range up to 4 hours, the Citation Excel/XLS is the perfect complement to the short-haul efficiency of the Beechcraft King Air 350i, offering greater speed and added range for your longer trip requirements. Our fleet is fully factory refurbished, like-new, and has the youngest average Citation Excel/XLS fleet age.

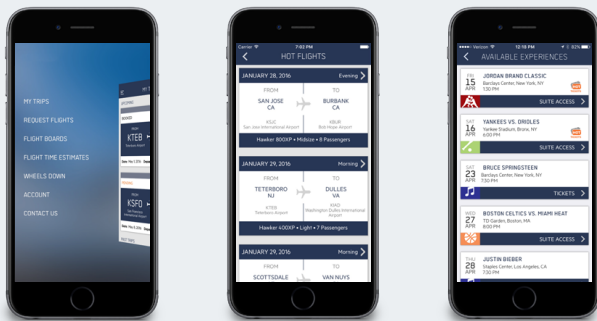

### The Wheels Up Flight Desk

For instances where you are traveling longer range or with more than 8 passengers, the Wheels Up Flight Desk is the ideal complement to our growing fleet of King Air 350i and Citation Excel/XLS aircraft and is available to assist you with all of your charter flight needs.

## MEMBERSHIP CLOSE AT HAND

The Wheels Up App offers a simplified and convenient way to manage all aspects of membership and engage with innovative program offerings available exclusively on the members only app.

- / View your upcoming and past itineraries
- / Request and schedule your next flight
- / Access Hot Flights, a vast selection of one-way “empty leg” flights
- / Post and view flights to share with other members
- / Estimate your travel time between any two airports
- / Keep up-to-date with Wheels Down programming
- / Reserve tickets to 8760 Experiences around the country
- / Coming Soon, purchase seats on private shuttles traveling to and from popular events and destinations

## TECHNOLOGY & SOCIAL AVIATION

As a complement to our standard flight offerings and supported by the Wheels Up Member App, Wheels Up Members can explore opportunities to further reduce the cost of travel, including through shared travel with like-minded Wheels Up Members.

### Shared Flights

Through the Shared Flight feature of the Wheels Up Member App, Wheels Up is able to facilitate members looking to share the cost of travel to come together and book flights to shared destinations.

### Hot Flights

Wheels Up Members can book from a selection of Hot Flights, empty-leg opportunities on jets, turboprops and helicopters, posted daily and updated in real-time, all available at less than the cost of a commercial flight.

### Shuttle Service

Coming soon, Wheels Up will offer members the opportunity to purchase seats on private shuttles traveling to and from popular events and destinations.

## AT YOUR SERVICE

Wheels Up Member Services, a team of world-class aviation and member relations experts, stands ready to provide comprehensive private aviation consultation and solutions to Wheels Up Members, 24 hours a day, 365 days a year.

## WHEELS DOWN

A Wheels Up membership includes Wheels Down, the ultimate lifestyle, events and concierge program, providing unique benefits and insider access to exclusive experiences throughout the worlds of sports, business, culture and entertainment.
